U.S. DISTRICT COURT
DISTRICT OF MASS.

Jamhal Talib Abdullah Bey (pro se)
v.

Attorney General of Massachusetts, et al

Request to be treated fairly; Request to be
properly notified; Request on the status of this
case, etcetera.

To the Honorable Clerks, Magistrates, Case managers and
Judges. I have a simple request. To be treated
fairly. I filed a claim with this court, a claim
that has merit; a claim upon which relief may
be granted; a claim based on Constitutional
standing. To date, October 8th 2021, while
detained in the Billerica House of Corrections; I
have not so much as received a notice
from this honorable court regarding the filing
and or opening of this case. I had to
go through 3rd parties who have an option
online saying this case was open and I had
to get information from a friend regarding case
numbers etc. I, and other Moors have been
to this court with our turbans and Fezzes,
walked through the doors, showed our Mevlish

Identification Cards to the U.S. Marshals
and even able to conduct business like every
other human. See *Lednitas Jaber Bey v. Commonwealth*,
David Allen Pender et al. To Whom It May Concern
Talib Abdullah Bey am listed as Consul Pursuer
to the Treaty of 1783-7. I and Lednitas
Bey have appeared before Madam Pass-B
Sariz and, in my opinion, have proved that
we have a high level of respect for this
Court and its Justices. To not have been
given any updates what so ever from this
Court while I am still jailed Pursuer to a
State law contrary to the U.S. Constitution
and the Federal Courts have not, as yet,
contacted me whatsoever since the filing of my
Case is disheartening. The Federal Courts is my
last line of defense and hope for Justice against
unconstitutional laws and impuremene Pursuer to
those laws. Slavery was once written as a
law. It does not mean it should be enforced.
Likewise with any law that can and does
destroy the lives of innocent people, by making
ordinary actions with no evil intent, a crime.
Please notify me on the status of this
case. My freedom, liberty, character and reputation
lay within your hands.
